What is UniClarity?

UniClarity is a student -centered campus platform that consolidates announcements, events, classes, and student services into one unified app. It simplifies communication, reduces missed deadlines, and helps students stay informed, connected, and confident in campus life.

Submit & track

Community
Clubs & marketplace

Campus information is scattered and confusing.

01

Problem 1

Students face fragmented information across portals, emails, chat groups, and bulletin boards.

02

Problem 2

Important deadlines and service updates are easily missed.

03

Problem 3

Student feedback often disappears into inboxes

04

Problem 3

Departments face repeated requests, slow response times, and poor communication data.

SOLUTION

One platform that makes campus life clear and connected.

1

Integrates LMS/SIS, helpdesk, and announcements through secure single sign-on (SSO) and deep links.

2

Centralized app for classes, events, deadlines, and service requests.

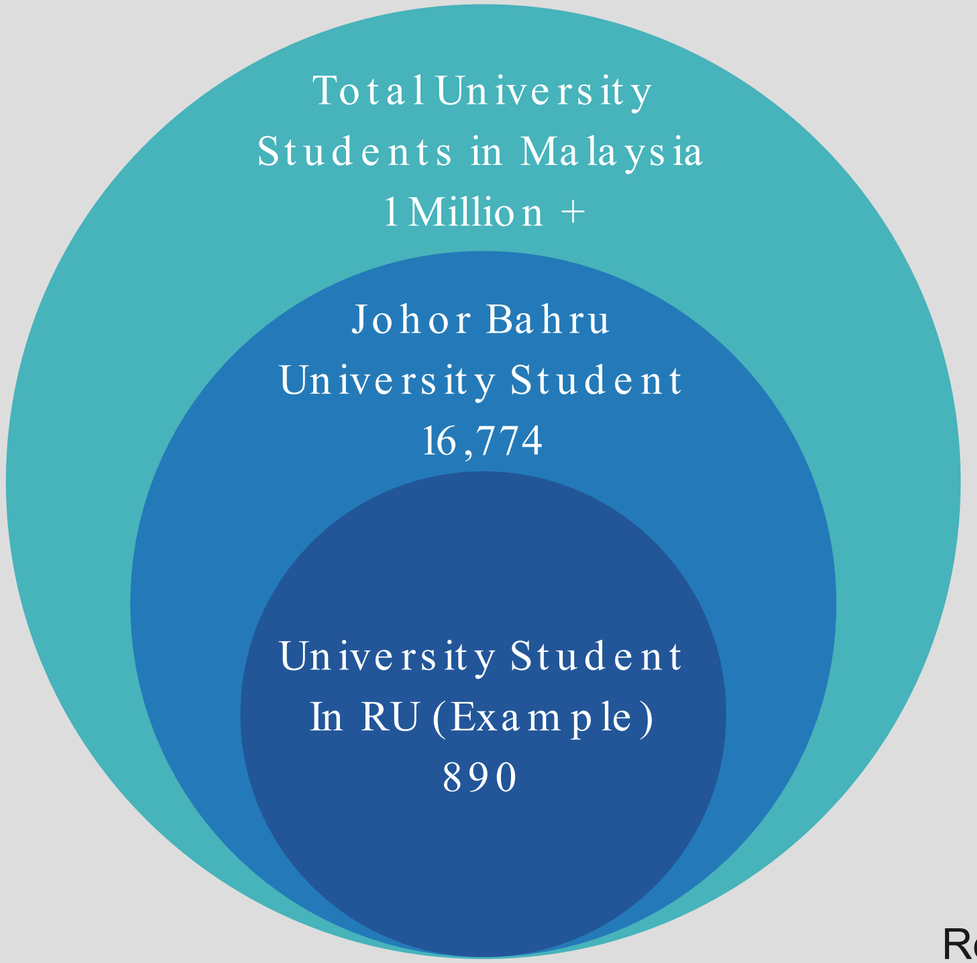
3

Push notifications and progress tracking for every campus process.

4

Transparent queues and analytics dashboards for administrators.

Market Size



Total University Student In Malaysia
Public: 681k; Private: 420k

Johor Students: 15.7k
(international: 1k+)

University Student
500 - 35k+
